

CITY BOARD OF TRUSTEES HOLD IMPORTANT MEETING

Electroliers Bought, Streets Ordered to be Repaired and Sewers to be Built

Construction of a sewer to the property of D. C. Irwin and O. G. Irwin on Cleveland avenue to connect with the city system was decided upon at the regular meeting of the board of trustees Monday. The sewer is to be paid for by Irwin and Cochran, who told the board that they had purchased the property from a local realty man and had found that there were no sewer connections available.

The decision was arrived at after considerable discussion by the board following an application from residents of Cleveland avenue in the western addition for the construction of temporary cesspools to care for the sewerage of the district.

Plans and specifications by City Engineer Dimmitt for the improvement of Roosevelt avenue were adopted by the board. Further hearing on the matter was set for July 17.

First reading of an ordinance to allow increased speed to trains of the Southern Pacific was given at Monday night's meeting. Train speeds will be limited to 45 miles per hour as against the old ruling of 20 miles. The change is in line with a campaign for faster transportation and justified by increased safety regulations at the various crossings, in the opinion of city officials.

An ordinance for vacation of a portion of Maple street, given first reading Monday, will be presented for adoption next Monday night.

David E. Graham, who told the

board he had received a bill for \$300 for street work, asked the board for an itemized account of improvements recently completed along Clinton street and Hopkins avenue in front of his property.

Clerk Price was instructed to write to Mrs. Caroline Hawes Robinson of Eagle Hill that plans for the improvement of the west portion of Jefferson avenue are now under way.

District Attorney Swart informed the board by letter that fines for traffic violations within municipalities must be remitted to the county treasury in accordance with law.

Claims of the C. H. Reid Company and W. W. Thompson, amounting to more than \$1,000, in connection with the installation of the new electrolier system, were referred to City Engineer Dimmitt.

The present ordinance providing no fees for inspection of buildings costing less than \$1,000 is to be amended to provide a fee of \$2 for inspection of buildings costing between \$300 and \$1,000, according to a decision reached at Monday night's meeting. Pending a test of this system of fees for building inspection, a decision on the remuneration of Con Drathman, building inspector under the new ordinance, was postponed one month by the board.

The meeting adjourned until next Monday evening at 8 o'clock, when the matter of sewer installation for the Oak Knoll Manor district will be heard by the board.

County News Notes

Notice of motion to dismiss the contest brought against the will of the late Henry P. Bowie by his stepson, William H. Howard, well known resident of Hillsborough, was filed in the superior court here Wednesday on behalf of Koma Hirano, Imao Hirano and Takeo Hirano, Japanese of Tokio, named as legatees in the will of Bowie already admitted to probate. Dismissal of the contest will be asked on the ground of "long and unreasonable delay," the notice alleging the contestants have "failed to prosecute with diligence" and that the contestants have "failed to appear at the appearance of the Japanese have been issued."

The contest by Henry Howard was based on allegations that his stepfather had been unduly influenced by the Japanese in the making of his will. Bowie was for many years a resident of Japan, his spirit being defined after his death, in accordance with the Shintoist rites of ancestor worship of the Orient.

He died at San Mateo two years ago and the will was admitted to probate here February 10, 1921. Hearing on the dismissal of the contest has been temporarily set by Judge Fick for next Thursday.

Wives and daughters of the police chiefs of America, in connection with a tour to view the beauties of San Mateo county Tuesday. The party included 82 visitors with the guest committee of women. Luncheon was served at the Fourteen Mile house near San Bruno. The following day the chiefs of police were brought to San Mateo county, making a tour of Redwood City, San Mateo, Burlingame, Hillsborough, Pacific City, Stanford University and Palo Alto, where a barbecue was served to the visitors.

A Vanuchel, also known as Ernest Vanuchel, former proprietor of a road house at Miramar, is being sought on a bench warrant issued by Superior Judge Buck here on Tuesday. Charges of having contributed to the delinquency of a minor are now pending against Vanuchel, who was released on \$500 cash bail furnished by Joseph Merello, it is stated. The warrant was issued on application of Merello, who stated that Vanuchel has disposed of his San Mateo county property and departed to Jackson, Amador county.

Crowe was arrested several weeks ago and appeared before Police Judge McLean in San Francisco, who decided that jurisdiction rested in San Mateo county. He was then held until Henry Wilkens, widower of Mrs. Henry Wilkens, who was slain by auto bandits on May 30, could view him. Wilkens stated that Crowe and three other men held did not in any way resemble the bandits. One of the girls looked at the men and stated that Crowe was the only one of the four who had been in the party that took the girls to Salda beach.

The three girls are said to have been accompanied by four men in the automobile while they were walking on the streets in San Francisco. The girls accepted an invitation to ride and were taken to a lonely hut on the Salda beach road, where they claim they were mistreated.

SOLD DISEASED COW

Because he is alleged to have sold a cow known to be affected with tuberculosis for a family cow, Richard Smith, a cow dealer, was fined \$25 in the justice court at Mayfield Thursday on complaint of Dr. R. E. Duckworth, veterinary inspector of the department of agriculture of the state of California.

Dr. Duckworth believes that trading in diseased cows has reached alarming proportions in this part of the county. "The traffic in diseased milk cows is a very attractive business," he says. "In Mayfield and Palo Alto alone we have found six cows having tuberculosis which were handled through dealers in Mayfield. Four of these animals had previously been condemned by the state department of agriculture and bore the mark of condemnation in the ear. At Los Altos one cow previously condemned was found in a raw milk herd. This cow was turned over by a dealer in San Mateo county.

"Don't accept anyone's word that a cow has been recently tested and don't accept a piece of paper stating that such a cow has been tested and passed. Under no condition buy a cow unless you have the word of a qualified veterinarian that it has passed the tuberculin test as applied by him at the time of purchase."

SKYLINE BOULEVARD ROUTE IS DISCUSSED

A delegation from the Santa Cruz Chamber of Commerce with William Jeter as spokesman, appeared before the California highway commission on June 15 in Sacramento. A carefully prepared brief containing maps and other data was presented to the commission with arguments in favor of the San Lorenzo valley routing from Saratoga Gap to Santa Cruz.

A previous meeting delegates from the San Jose Chamber of Commerce and other organizations of the Santa Clara valley, headed by Judge J. R. Welch of San Jose, had presented data supporting a route from Saratoga Gap along the Castle Rock ridge to Woodward on the Los Gatos-Santa Cruz highway.

Mrs. John P. Weller, who underwent a slight operation at the children's hospital in San Francisco two weeks ago, returned to her home on Monday and is now rapidly recovering her strength.

WORK STARTED FRIDAY ON REBUILDING OF SPEEDWAY

Will Have Track Completed For Big Championship Races to be Held in October

A blaze believed to have been started by a small grass fire destroyed the greater portion of the grand stand and half the track of the Greater San Francisco Speedway Association at San Carlos last Sunday afternoon. The fire was discovered shortly after noon under the south turn of the big wooden speedway. After exhausting their hand extinguishers the watchmen called the Redwood City fire department, which responded immediately. Lack of water hampered the efforts of the local firemen, who were later joined by the companies from San Mateo and San Francisco.

Chemical engines from all three departments proved ineffective in fighting the blaze and it was not until a main of the Spring Valley Water Company had been tapped and water pumped to the blazing stands that the fire was brought under control.

Shortly after the local department with firemen from San Mateo extended their hose lines to the fire which was eating away the wooden track on

the back stretch of the oval. The flames were checked after a three-hour battle.

The speedway, completed last November at a reported cost of \$1,000,000, was declared by racing pilots to be the fastest board track in the world. The loss was estimated at \$225,000 by speedway officials, who announced that rebuilding will begin immediately. The loss was partially covered by insurance, it was reported. The speedway grounds had been chosen as the site of a monster 4th of July celebration by the Peninsula Bureau of Chambers of Commerce and Civic Associations for the benefit of a fund to advertise the peninsula. Following a meeting of committee of the bureau last Tuesday evening it was decided to abandon the San Carlos celebration and endorse the celebration at Pacific City, the new beach resort at San Mateo, which will open July 1.

Work started Friday on rebuilding the track and grandstand that was destroyed and it will be finished for the races to be held in October.

DIED

Eugene Boyle, father of Miss Catherine Boyle, head of the English department in Sequoia High School, died in San Francisco on Wednesday. He had been ill for some time and suffered a stroke of apoplexy a short time ago.

Mr. Boyle leaves a widow and several children to mourn his death. Miss Catherine Boyle has been connected with the Sequoia High School for four years and she has been a credit to the institution and the community. Her Redwood City friends extend their heartfelt sympathies in her bereavement.

LUNCHEON AT MONTE VISTA

A bridge and luncheon was given Wednesday afternoon by Mrs. W. H. Low at Monte Vista. Mrs. Hallett won first prize and Mrs. Kellogg won second place in the bridge playing. Other present were Mrs. Ella M. Eaton, Mrs. T. S. Gregory, Mrs. F. W. Lippman, Mrs. Lester Prior, Mrs. Louis Goncho, Mrs. H. C. Hallett, Mrs. W. L. Meador, Mrs. W. J. Dusel, Mrs. Calvin S. Grandt, Mrs. Cyrus H. Young, Mrs. C. D. Swift, Mrs. Albert Midgley, Mrs. Walter Kellogg.

FAREWELL PICNIC

On Sunday a farewell picnic was given in Golden Gate Park San Francisco, in honor of Mrs. E. L. Wood, who leaves today for her home in San Diego after a visit of four months with relatives. Among those who enjoyed the day were Mrs. C. L. Wood, Mrs. Emma Mengel, Miss Sophie Mengel, Mrs. James Coleman, Miss Helen Coleman, Mrs. Henry Hoffman, from San Francisco, Mr. and Mrs. Otto Hoffman, Mrs. Holly, Mrs. W. Wernecke and Miss Ella Wernecke. In the evening all enjoyed a dinner at the States.

Mrs. Mills, the peninsula's best known milliner, spent last Wednesday in San Francisco.

4TH OF JULY CELEBRATION POSTPONED

An emergent meeting of the publicity committee in charge of the arrangements for the independence day celebration and big community fair July 4, 1922, was held at San Carlos Tuesday evening, June 20. Present—President F. K. Towne, P. R. Thompson, Mrs. John L. McGinn, Murphy McHenry, Fred H. Drake, Executive Secretary R. H. K. Smith, Secretaries Elliot Tyrer and Kendall Towne.

The president stated that the meeting was called to decide what should be done regarding the celebration, owing to the burning down of the speedway.

Postponement—After discussion Mrs. McGinn moved and Mr. Drake seconded that the Fourth of July celebration be postponed until September 4 (Labor Day) or until the speedway is rebuilt and that full publicity be given to the fact. Carried unanimously.

Pacific City—After discussion the subject of clashing with Pacific City celebration July 4 was explained as follows:

On May 5 the Greater San Francisco Speedway Association was communicated with regarding using the speedway for a big celebration July 4 and on May 9 the association replied offering their hearty cooperation and an acceptance given to their offer May 11. Publicity thereupon was started. Subsequently the Three Cities Chamber of Commerce and Pacific City jointly notified the public of their intention to hold a big celebration on July 4. Facts and dates clearly showed that the Peninsula Bureau issued their publicity long before the counter celebration. However, after discussing the matter and expressing the kindest feelings toward Pacific City Mrs. McGinn

moved, P. R. Thompson seconded and it was unanimously carried by acclamation that the following resolution be ordered published:

The following resolution unanimously passed at a meeting of the publicity committee, finance committee and arrangement committee of the Peninsula Bureau of Chambers of Commerce and Civic Associations held at San Carlos Tuesday, June 20.

Whereas the Peninsula Bureau of Chambers of Commerce and Civic Associations had pledged its unanimous support to the celebration of the opening of Pacific City, which opening was originally fixed for May 30, 1922; and

Whereas the date of such opening of Pacific City was subsequently postponed until July 4, which date thereby conflicted with the Peninsula Bureau's big community celebration and county fair at San Carlos July 4. Notwithstanding such conflict the Peninsula Bureau had made full arrangements to advertise Pacific City at the San Carlos celebration by asking all in attendance to visit Pacific City during the same day or evening; and

Whereas the destruction of the San Carlos speedway has compelled the postponement of the Peninsula Bureau celebration to a later date when the speedway is rebuilt;

Now therefore be it resolved that the Peninsula Bureau use its available publicity fund to advertise the opening of Pacific City on July 4 and urge all its membership and citizens of San Mateo county to attend.

Also that the foregoing resolution be sent to Pacific City officials, the press and all members of the Peninsula Bureau of Chambers of Commerce and Civic Associations.

Local News Items

Mr. and Mrs. Wilbur Dossie are entertaining the boys of Mr. Dossie's Sunday school class at their cabin in Redwood Park this week. Mr. Dossie understands boys and nature and the outing will be one that is both entertaining and instructive.

George Christenson has returned to Long Beach after a visit with his parents, Mr. and Mrs. Sam Christenson. George is a member of Islam Temple and came north to help his brothers of the Mystic Shrine have a good time. His friends here will be pleased to know that Mr. Christenson and Fred Curtis, also of this city, have entered business in Long Beach. They have opened a wholesale store for the sale of heavy auto parts and castings to garage and auto companies and are already doing a fine business. Both young men are experienced machinists and are well adapted for the business.

Mrs. Lila M. Kirkpatrick left last Sunday morning with Mr. and Mrs. J. H. Henderson for a motor trip to Portland, Ore. Mrs. Kirkpatrick had planned a visit in Long Beach, but the arrival of the Hendersons at the Shrine convention caused her to change her plans and they prevailed upon her to spend a month with them in their Portland home.

Mrs. L. Ritter, her two daughters, Mary and Annabel, and her two sons, George and John, went to Los Angeles Tuesday to visit relatives. They will spend a month in the south.

Mr. and Mrs. Argo of Spokane, Wash., are in Redwood City enjoying the hospitality of their son, A. C. Argo, and family.

Peggy Joyce, the beautiful actress who has a keen eye for the million, a few of whom she has divorced, was here this week with her manager, Morosco, with a view of opening the California Theater on Main street. They investigated the property. Having failed to return this week is sufficient evidence that they have abandoned the project. Charming Peggy is to shortly open a theater all her own in San Francisco.

Several grass fires have caused the city's fire department runs in the last few days, with no damage so far, but there is always danger from them and everyone should exercise all the care possible in holding the danger to a minimum.

Plans are progressing nicely for the new peninsula highway. On the completion of the personnel of the board of directors a fund was deposited for the preliminary survey at the board meeting on Wednesday.

Conrad Miller of this city had his ankle fractured when his motorcycle was struck by a truck last Saturday.

Golden Poppy Chapter, No. 2, Disabled American Veterans of the World War, will have a dance Friday night at De Luxe Hall at Palo Alto to raise funds to send a delegate to the national convention.

The Red Men's hall team will play San Mateo this afternoon.

The city fire department is burning the dry grass on vacant lots in the city which in some instances has been a menace to property.

The Pacific Gas and Electric Company this week removed the old poles on Broadway that had formerly been used as light posts.

Mr. and Mrs. Cliff Bacon of Alameda were in Redwood City Sunday visiting friends. They were returning from a camping trip in Santa Cruz and Monterey counties and report a fine time.

Mr. and Mrs. Hargrove Harrison and little son were in Redwood City this week, having come over from Stockton to visit Mrs. Harrison's parents, Mr. and Mrs. C. H. Woodham.

Mr. Harrison, who is head of the machine shop department of the Stockton high school, reports that his uncle, S. P. McCrea, is slowly recovering from his late illness and is now at his ranch near Merced.

Miss Edna Holyrold, county librarian of San Mateo county, went to Coronado last Wednesday to attend the convention of California librarians. The sessions were held in the Hotel Coronado and the program was one that was both interesting and helpful. Many points concerning the operation of a library were discussed.

Miss Holyrold will without doubt come home with a number of new ideas that will result in better service for her patrons.

J. C. Brandrup, for several years connected with a local tannery has resigned his position on the physical advice that the work was detrimental to his health and that there was danger of serious illness unless he found outside work. He left Tuesday evening for Fresno, where he will engage in business for himself.

The ladies of the Methodist church will hold a fruit sale at 196 Broadway, on Saturday, June 24, from 12 to 5.

Suit for divorce has been filed by Lena Dugdale against Henry Dugdale.

E. M. Stack, deputy tax collector, returned recently from a motor trip through Lake, Mendocino and Humboldt counties.

A barbecue was given Thursday at the municipal grounds in Palo Alto to visiting police chiefs, who are attending their annual convention in San Francisco.

Miss Florence Bundy, who has been teaching the past year in the Antioch high school, is here to spend the summer with her mother, Mrs. F. Kirske.

COUNTY SUPERVISORS ORDER SELLING OF SCHOOL BONDS

Petition From Citizens of Belmont For Refusal of Permit for Sanitarium Heard by Board

A \$28,999 bond issue of the Ravenswood school district was ordered sold to E. H. Rollins & Son of San Francisco by the supervisors here on Monday following the opening of three bids, as follows: E. H. Rollins & Sons, premium \$1,020; W. H. Staats & Co., premium \$854; and Weeden & Co., premium \$367.

A petition signed by 48 property owners and residents protesting against the proposed establishment of a sanitarium at Belmont by Dr. George E. Darrow, was presented to the board. Following a hearing on the application the permit was denied.

A petition of Ray L. Burket and others of Loma Park for repair of a culvert on Santa Inez avenue, Loma Park, was referred to Supervisor T. L. Hickey.

In answer to a communication from the San Bruno Taxpayers' Defense Association, requesting a reduction in the county tax rate for San Bruno, Mrs. Elizabeth Nash, the clerk of the board, was instructed to write the San Bruno Taxpayers, etc., that the board cannot usurp the powers and prerogatives of our esteemed County Assessor Daniel P. Flynn, because of certain provisions of law relating thereto and thereabout.

Contractor J. P. Barrett told the board that he had been assured of sufficient material to express the hope that the white coating of the upper portion of the new county hospital would be finished by July 1.

Failure of subcontractors to secure sufficient material because of affiliation with labor unions was given as the cause of delay in completing the structure in a report by Barrett to the board. He assured the supervisors that a full crew of nine men will be kept busy on the plastering work of the building.

Nothing resulted from a discussion of reimbursement for the contractor who stated he had spent \$500 in repairing the county road near the hospital. Several times this sum has already been expended to repair damages done by trucks of the various contractors. It was stated by Mrs. Brown, supervisor from San Mateo.

On application of Mrs. H. E. Herbert, whose husband was killed at Menlo Park three weeks ago, the board recommended action for the return to her of a certain fine collected from her late husband by Justice Fletcher of Halfmoon Bay. The sum was assessed against Herbert for a traffic violation shortly before he was killed. It was recommended that Justice Fletcher suspend the sentence, under advice submitted by Assistant District Attorney Maheado.

Following request from the board at a previous meeting, Assistant District Attorney Maheado rendered an opinion to the effect that claims of election officers in the recent sanitary election at Halfmoon Bay should be paid.

The district attorney's office was requested to prepare resolutions providing for road repairs in the second and fourth townships.

An invitation to visit the site of the former Ocean Shore railroad in connection with a plan to convert the right of way into a toll road around San Pedro Mountain, was accepted after being presented to the board by Supervisor Francis of Halfmoon Bay.

Recommendations by Miss Florence Boggs, secretary of the social service commission, for state aid for children of the county were approved by the board. A report of expenditures by the commission for the month of April was received and ordered filed.

An order to provide payment of the salary of an extra traffic officer from the general fund was made by the board. The officer will be stationed at Atherton avenue and the state highway on Sundays and holidays, during the heavy traffic season.

Governor Stephens to Visit Redwood City

Governor William D. Stephens has accepted an invitation to address the members of the Redwood City Women's Club next Monday afternoon.

Invitations to hear the chief executive have been extended by the club to all the women's auxiliaries in Redwood City, the San Mateo, Burlingame and South San Francisco Women's Clubs. The general public is also invited and it is hoped that as many of the men and women of Redwood City as possible will take advantage of this opportunity to hear the governor.

Mrs. George A. Merrill is chairman of the reception committee for the afternoon and she will be ably assisted by a corps of workers from the club. Governor Stephens will speak at 3 o'clock.

The reception committee will be composed of Mesdames John L. McGinn, Louis Robele, Paul E. Riber, Henry Dodd, L. E. Aubury, E. C. Peck, J. M. Vickerson, H. C. Finkler, George A. Merrill and F. W. Lippman.

MOST IMPORTANT MEETING IN THE HISTORY OF THE BUREAU

Notice to officers, committees, members and the public—Enclosed please find notice of meeting for Friday 30th at 8 p. m. at Alhambra Hall, Redwood City.

The meeting is of vital importance to the peninsula and all civic associations, members and the public should attend to discuss the situation created by the supreme court decision to unmerge the Southern Pacific and Central Pacific Railroads.

The Peninsula Bureau earnestly requests its members not to take independent action in the matter until after the meeting. The situation created by the decision of the supreme court makes a vital matter for the Peninsula Bureau to answer in the interest of the peninsula.

Representatives of the Southern Pacific and Union Pacific have been invited to attend so that peninsula residents and organizations can hear both sides before coming to a conclusion.

Please attend and bring as many interested with you as possible as the matter is of far greater importance than is generally realized.

NO LACK OF FOREIGN POLICY

It is difficult to imagine what Lady Astor hopes to gain either for herself or for good feeling among nations by slighting remarks concerning the United States.

On her return to England, after a visit to her native land, she delivered an address in which she said among other things, "America is bound to have a foreign policy." That statement means, if it means anything at all, that America today has no foreign policy. We deny the assumption that the United States has no foreign policy.

It is true that the United States has no policy of foreign aggression—no desire to subjugate weak nations or take undue advantage of our strength. It is also true that we have no policy which will permit us to make the supreme sacrifice, proposed by President Wilson when he advocated American participation in the league of nations. But because we are neither aggressive nor grasping, nor as yielding as some would like to have us, it does not follow that the United States has no foreign policy at all.

Our foreign policy has been one of "live and help live." We have undertaken to maintain here a nation in which the people may enjoy the greatest individual freedom consistent with due respect for the rights of others, and we are willing that similar privileges shall be maintained in every other land. When that policy of helping others to live and enjoy freedom brought us into conflict with Spain, and gave us dominion over former Spanish islands, we did not use that dominion for our material aggrandizement but solely for the well being and happiness of the people who had come under our control. Never has it been charged that the United States has been an oppressor.

Our foreign policy has been to increase friendship among nations and to settle differences by conferences, arbitration or adjudication rather than by force of arms, but we have never yielded our rights to control our own domestic affairs nor made ourselves subject to superstate. We have settled boundary disputes by arbitration and have induced other nations to do the same. We have been prompt and liberal in response to the cry of distress from whatever land it has come, but we have not let our sympathies betray us into leagues with national dishonor.

Our foreign policy has been consistent in avoiding political affiliations with any other nation or interference in the affairs of any other nation, but we have been zealous in guarding our own rights from direct interference from abroad. We have never yielded one iota of the doctrine that European interference with nations in the western hemisphere must be construed as an offense to us.

Our foreign policy has led us to join other nations where we have common interests and to co-operate with them to the extent that our common interests may require, but when that has been done, we have severed the relationship in accordance with our traditional policy of avoiding foreign political entanglements.

Though Lady Astor, possibly because of prejudice growing out of her present British citizenship, may think we have no foreign policy, and that we shall have none until it accords with what Britain thinks our policy should be, we beg respectfully to assert that we have foreign policies as honorable, as definite and as permanent as those of any other nation. We challenge her to state any British policies that are superior to our own.

SOME IMPRESSIONS

The red fazed nobles of the Mystic Shrine have come and gone. They had a fine time in California and nature was prodigal in its variety of climatic which was shown the visitors. When they petitioned for sunshine, sunshine came. The dry grass round the big speedway postponed its fire until the visitors could see what a speedy track it was and everything conspired to make the visit a pleasant one. We hope they will come again.

It is peculiar how free some people are with other people's property. Last Sunday while the big speedway at San Carlos was burning autoists by the dozen stole chairs belonging to the speedway association. These people, every one of them, could not resist the temptation to take property that didn't belong to them. Some of them piled as many chairs as they could possibly tie onto their cars. It should have been a good day for the sheriff's office.

During the week we had occasion to take a trip on the S. P. to the big city which bounds San Mateo county on the north. Just before the train reached the city a young lady just across the aisle opened her vanity case and proceeded to do up. First she powdered her nose. Then she put on a little rouge. Then she took out her lipstick and reddened her lips. She didn't give a darn who saw her. We can remember a time when a girl

would just as soon disrobe in public as used her paints where anyone could see her. But the times sure have changed.

Wednesday was the first day of summer. We are glad that the calendar told us, for otherwise we wouldn't have known it. We could really take lessons from Los Angeles this year and tell the world that we are having unusual weather.

WHAT A RELIEF!

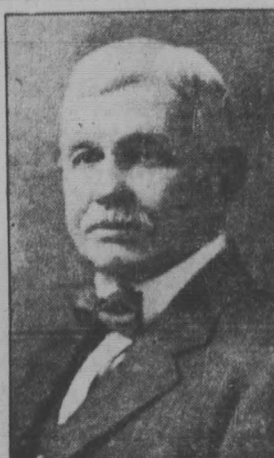

France is to send a financial commission this month to the United States for the purpose of arranging the refunding of the French debt to this country. A British commission will also come at an early date, and the end of the year may well see about seven-tenths of the total foreign debt put in negotiable form, with interest payments assured, and a date for final liquidation arranged. With negotiations concluded with the two principal debtor nations, it should not prove a difficult matter to take up the question with each of the other countries in turn and speedily convert the notes now held by the treasury into securities that may be handled in the future as Congress may direct.

A GOOD STROKE OF BUSINESS

That the republican Congress adopted a sound policy when it authorized the war finance corporation to make loans on exports of farm produce is shown in a recent statement by one of the directors of the corporation. From January 1 to May 31, European countries have repaid more than \$3,000,000 on account of such advances. Exports of grain to Belgium was financed to the extent of \$11,000,000, which has practically all been repaid. Total repayments for the year are \$79,000,000, in addition to \$44,000,000 received on account of agricultural loans made in 1917 and 1918.

FOR RE-ELECTION

Judge Charles A. Shurtleff, a prominent and creditable resident of Menlo Park, is again a candidate for

CHARLES A. SHURTLEFF

Associate Justice of the Supreme Court. Judge Shurtleff has attained many honors in long and useful public life and is known as a gentleman of sterling worth in this community and his friends and neighbors will support him strongly at the coming election.

Judge Shurtleff was born in Shasta county, graduated from Hastings law college, was assistant United States Attorney in 1889-92, has been a member of San Francisco bar for 40 years, having been president of the Bar Association there and on the executive committee of the state association, president of the Legal Aid society and appointed to his present position by Governor Stephens.

DR. C. V. THOMPSON

Dr. C. V. Thompson, chairman of the San Mateo county board of supervisors, has announced that he is a candidate for re-election as supervisor from the fifth township of San Mateo county. Dr. Thompson has served the county for the past eight years and has not only represented his district well but has also been careful of the interests of all of San Mateo county. Dr. Thompson has made a fine record as the presiding officer and his courtesy has won him the esteem of all who have had business with the board.

The people of the fifth township have good reason to be pleased at having Dr. Thompson represent them, as he has secured more than anyone else ever has. He was successful in having the county appropriate \$70,000 from the general fund for road work in his district. We understand that Dr. Thompson will have opposition, but we predict that he will be re-elected by the largest majority he has ever received.

GOVERNOR W. D. STEPHENS

As the time for preparing nomination petitions draws near it is becoming more apparent that Governor William D. Stephens will have clear sailing ahead for the republican nomination. With the republican endorsement it is a foregone conclusion that the governor will be re-elected. Governor Stephens has no real contenders to worry about. There are several who would like the place but they can give no good reason why we should not continue the present administration for another four years.

It is easy for a man who is not in office to tell the people how the office should be run and how millions might be saved. It is an entirely different matter to run the office. Governor Stephens has probably made mistakes. Any man who does anything goes astray on some points at times. But he has made a wonderfully successful executive officer. He has put through a number of measures that have worked well in other states. We haven't had time to tell as yet whether or not they will be good for California. There is no reason why they should not be successful here, however. At any rate we believe that it is good business, in politics as in any other line, to keep a good man in office as long as he wants to stay there.

HIRAM JOHNSON ON OLIVE TREES

PROMINENT WOMAN'S ADMINISTRATOR'S PETITION

Petition for letters of administration in the estate of the late Mrs. Hattie Sanger Pullman, widow of the founder of the Pullman Car Company, have been filed in the superior court here by Francis Carolan, son-in-law of Mrs. Pullman, who is named in the will as an administrator along with the Northern Trust Company of Chicago and Frank O. Lowden, former governor of Illinois.

The will, which disposes of many millions in property, a small portion of which is situated in San Mateo county, has already been admitted to probate in Cook county, Ill.

The San Mateo property consists of a bungalow and several acres of land at Belmont, valued at approximately \$6,000, it is stated in the petition.

Legatees under the will include Mrs. Louise Pullman of Belmont, the widow of the late Walter Pullman, and Mrs. Sarah Pullman, also of Belmont and widow of the late George M. Pullman. Each is given \$10,000 by the terms of the will, a copy of which is filed with the petition.

The principal legatees include Mrs. Francis Carolan and Mrs. Frank O. Lowden, both daughters of the late Mrs. Pullman. The will provides that after certain bequests are withdrawn the income from the balance of the estate shall be equally divided between the two daughters.

The death of Mrs. Pullman occurred at Pasadena on March 28 of last year.

Miss Marguerite Diges, a former resident of this place but who is now employed in the office of the Portland Cement Company at Cement, Cal., was in Redwood City Saturday visiting friends.

Miss Pearl George and Miss Ruby George left Tuesday evening on their trip to Alaska. The young ladies have looked forward to this trip for some time and will doubtless enjoy all of the wonders of the far north.

In the Catania district, in Italy, before the war, men workers in the olive industry received substantially 68 cents per day, and women were paid 29 cents per day. In October, 1919, those wages had advanced, for male workers, to \$1.35 a day, and for female employees to from 77 to 96 cents.

In the district of Nice, in France, producing considerable quantities of olive oil for export in normal times the same low scale of wages obtained as in Spain and in Italy.

During this period, 1914 to 1919, the labor cost of producing olives in California and Arizona kept pace with the increase in the cost of commodities and labor all over the land. Skilled male workers in the factories received originally \$3 per day. Women workers in the factories were paid from \$10 to \$12 per week, but in 1919 orchard workers were paid \$3.50 to \$4 per day, skilled help in factories \$4.50 to \$5.50 per day, and the wages of women factory employees under the minimum wage law of California, were established at \$16.50 minimum for a week of 48 hours.

Compare these wages paid Americans in the olive industry with the wages paid abroad for that which you get in an unsanitary condition oftentimes in your importations.

LITTLE BOY HURT

Johnnie Soares of Bellvale was injured Monday afternoon at Bellvale when the buggy in which he was riding overturned and threw him to the ground. The little fellow had his shoulder blade and his nose broken and was otherwise bruised and hurt. He was hurried to a doctor, who bandaged the injured members. It will be several weeks before the lad will be all over his injuries.

Congregational Church

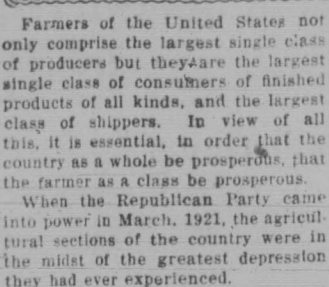

Odd Fellows Hall, Main street. Morning worship, 11 o'clock. Rev. Roscoe Douglas of Saratoga, California, will preach. Evening service 7:30, Rev. C. H. Stevens will speak on "John Wesley and his influence." Sunday School, 9:45. Young People's meetings, 6:30. The public is invited.

D. H. Moore and wife have gone on an automobile tour of southern California for the summer. Mr. Moore was formerly editor of the Times-Gazette and his friends hope he will return to this section to make his home.

Congress Goes to Aid of Agricultural Industry

List of More Important Measures Written, Introduced and Passed by Republicans To Assist Farmers During Crisis

U. S. REPRESENTATIVE J. N. TINCER (KANSAS), MEMBER HOUSE COMMITTEE ON AGRICULTURE

Farmers of the United States not only comprise the largest single class of producers but they are the largest single class of consumers of finished products of all kinds, and the largest class of shippers. In view of all this, it is essential, in order that the country as a whole be prosperous, that the farmer as a class be prosperous.

When the republican Party came into power in March, 1921, the agricultural sections of the country were in the midst of the greatest depression they had ever experienced. In response to a general demand from the agricultural interests the republican Congress, on May 27, 1921, 40 days after the session convened, enacted the Emergency, or Farmers' Tariff. This stopped at once the influx of agricultural imports and saved to the American farm producer his home markets.

The best proof that the tariff really protects the American farmer is the fact that since its operation Canada has renewed her efforts to negotiate a reciprocity treaty that will admit her agricultural products into this country free. As a further proof of the effectiveness of this tariff it was effected November 18, 1921, by the solid vote of the congressmen representing the agricultural States. The enactment of this tariff was opposed by the solid Democratic minority in both House and Senate, with a few notable exceptions.

For more than a quarter of a century there has been a demand from the producers and consumers for control of the packing and allied industries. Responsive to this demand Congress enacted such a law. It cannot be gained said that the livestock industry of the United States has had better treatment from the very day that this law began to operate. This bill was drawn by Republicans, introduced in both branches of Congress by Republicans, and passed by both branches of Congress controlled by Republicans.

For more than 40 years there has been pending before Congress, in one form or another, legislation to control grain exchanges and to stop the manipulation of prices of farm products. Such a law has been enacted by this republican Congress. Like the pack-

ing control law, it was written by Republicans, introduced by Republicans and passed by Republican majorities. One of the immediate and urgent needs of the farming communities was credit to tide them over their immediate crisis. In order to furnish this credit the republican Congress amended the War Finance Corporation Act so as to enable that organization to have a revolving fund of \$1,000,000 to be used exclusively in making loans to livestock and agricultural interests. Since that body began functioning under its newly acquired powers it has been loaning money to the agricultural and livestock interests of the United States at a rate in excess of \$1,000,000 a day.

One of the earliest acts of this Congress was the appropriation of \$2,000,000 to be used in the purchase of seed for the drought-stricken farmers of the northwest. Since that time legislation and appropriations have been made to assist drought-stricken farmers in other sections of the country, and also to relieve the settlers upon reclamation and irrigation projects.

Still another act of this Congress was the increase of the available capital of the Farm Loan Banks in the sum of \$25,000,000, giving the Farm Loan Banks a total revolving fund of \$56,000,000. This bill was written by Republicans, introduced by Republicans and passed by Republican majorities in both branches of Congress.

Modern methods in the commercial world have demonstrated the necessity of the farmer's being permitted to sell his crops under a co-operative system, and that this might be done legally and without interference or irritation, the present Congress enacted the Co-operative Marketing Bill. This is another bill written by Republicans, introduced in both branches of Congress by Republicans and passed by Republican majorities.

Honorable Henry C. Wallace, Secretary of Agriculture, truly summed it up when he said: "Never in the same length of time did Congress give more serious attention to farm needs. All of the legislation is of a constructive character and will be more helpful than is now realized."

William Boos, who has conducted an auto repair shop at Five Points for the past few months, has sold his interest in the business and has accepted a position as service station man with one of the local oil companies.

Mrs. A. E. Monteth and Master Don, with Mrs. Monteth's sisters, the Misses Dea and Jennie Herriman, left Wednesday for Los Gatos, where they will spend a month at the Hotel Glenwood. Mr. Monteth will join them on week ends.

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick paved at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automobile dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

Five Reels of Trouble and Happiness

It is hard to believe Jackie would make a better picture than "My Boy," but "Trouble" is the greatest thing he has ever done.

JACKIE COOGAN in "TROUBLE" at Sequoia Theatre

-great California growths -the giant Sequoia -the Bank of Italy

The picture is sketched from an actual photograph of the Abraham Lincoln tree in Giant Forest, Sequoia National Park. The height of this tree is 270 feet and the diameter is 31 feet.

Like the giant trees of California, the Bank of Italy is a marvel of growth, strength and stability. Through its widespread "root system" of 50 banking offices in 38 California cities, it is firmly grounded in the vital productive centers of the most resourceful state in the Union.

How Many Can You Answer?

The following questions were prepared for the boys and girls of San Mateo county this month in order that the county board of education might learn whether or not the said boys and girls were ready to enter high school.

HISTORY
Discuss fully three of the following:
1. The adoption of the constitution.
2. Settlement of the west, and means of travel.
3. Acquisition of territory.
4. Slavery.
5. The wars of the United States.
6. Reconstruction.
7. The part the United States had in the late war.

LANGUAGE
Answer Ten
1. Write a letter to a store in your town applying for a position as clerk, cashier, or bookkeeper.
2. Write a friendly letter to a schoolmate, inviting him or her to spend a few weeks on the farm with you.
3. Write a formal invitation to a birthday party to be given at your home.
4. Write a formal acceptance of the invitation. Write a formal regret on account of illness of a member of the family.
5. Describe the most interesting place in which you have ever been.
6. Name 3 (three) kinds of sentences according to form and give an example of each kind.
7. Name the principal parts of the following verbs: 1. sing; 2. drink; 3. eat; 4. being; 5. drive; 6. write; 7. lie; 8. teach; 9. think; 10. lay.
8. Insert the proper pronoun:
1. Will you play tennis with Ida and (I, me)?
2. It was (I, me) who spoke.
3. (They, them) and the boys are in the yard.
4. It is (they, them).
5. You study as much as (he, him).
6. There is a secret between her and (him, he).
7. I am as tall as (he, him).
8. Give it to (her, she) and Mary.
9. (We, us) boys will come for the material.
10. To (who, whom) did you give it?
(1) What part of speech are names?
(2) What part of speech describes or limits?
(3) What part of speech tells how, when or where?
(4) What part of speech shows relation between words?
10. Write the plural of each of the following nouns:
1. Miss Brown; 2. ox; 3. man-servant; 4. Mr. Smith; church; 5. valley; 7. sheep; 8. wolf; 9. goose; 10. potato.
11. Supply the necessary capitals and marks of punctuation in the following paragraph:
When captain Johnson was spending the winter in the south, he received word to go to europe he started on tuesday before christmas, stopping a few days in washington to visit a friend to attend to some personal business and to get further instructions from the war department the sea was calm as he sailed out of Chesapeake bay on the white star as the captain was having rheumatism he spent much time in his room studying history and french he was not to report for duty until february and so he went to a small village north of london where he had lived when he was a boy here he visited the country church where his grandfather had spent many years in god's service.
12. Condense the following into a 10 (ten) word telegram. You are allowed the address and signature extra.
The last train had gone when I got here, and I shall be obliged to stay overnight. Please meet me at the train tomorrow morning. I shall come on the one leaving at seven-thirty, which reaches Hometown at nine-forty-five, I believe.

HYGIENE
Answer Any Ten
1. Explain briefly: Disinfectant, septic, quarantine, antiseptic.
2. Name some of the injurious effects of cigarette smoking upon the young boy.
3. Why should great attention be paid to ventilation of the school room?
4. Why have roller towels and public drinking cups in public places been forbidden by law?
5. In what way are house flies and mosquitoes dangerous?
6. Give several reasons why we should brush our teeth at least once every day.
7. Why is frequent bathing a good practice?
8. Name and discuss two diseases caused by bad sanitation.
9. What should you do in order to have good health?
10. Why do we advise growing children to eat plenty of fresh vegetables? Do you think a growing boy or girl should drink coffee for breakfast? Why?
11. Name the great laws of health.
12. Discuss some of the diseases caused by carelessness in eating.

LITERATURE
Answer Any Ten
1. What is the story told in "The Vision of Sir Launfal"?
2. Discuss Whitier's feeling in regard to slavery. Draw your conclusions from any of his writings.
3. Tell who wrote any five of the following: The American Flag, The Great Stone Face, The Lure of the Trail, A Message to Garcia, Sheridan's Ride, The Night Before Waterloo, Thanatopsis.
4. Name two selections in your 5th Reader taken from the Bible.
5. In the opening lines of Snow Bound what is said of the sun, the weather and the wind?
6. Name three things Mrs. Whitler spoke about when it came her turn to tell stories or experiences.

7. Who sent the "Message to Garcia"? What two countries were at war? What was the real point that the author wanted to make?
8. Why was the poem "The Blue and the Gray" written? What is the significance of "laurel"? Of "willow"?
9. Write a few facts about "The Man Without a Country."
10. What great lesson do you get from "The Perfect Tribute"?
11. Sketch briefly the life of Kipling. Whittier, Longfellow or Lowell.
12. Tell from what selections each of the following is taken:
Kind and generous to a fault, he administered to the needy at all times. A story of suffering touched his heart and his pocketbook at the same time—
The wind-flower and the violet, they perished long ago,
And the brier-rose and the orchids died amid the summer glow;

WORD ANALYSIS
Answer Five
1. Give and define five prefixes and give and define a word using each.
2. Give and define five suffixes and give and define a word using each.
3. Give and define five roots or stems and give and define a word using each.
4. Use in good sentences with no pronoun subjects: anniversary, pacify, discipline, reputation, sympathy.
5. Name at least four languages from which our language has been obtained.
6. What root does each of the following come from: write, sell, follow, word, hang, work, look, come, city, promise?
7. Give five suffixes that make adjectives. Give five suffixes that make nouns.
8. Give five pairs of words that are synonyms. Give five pairs of words that are antonyms or opposites.

MENTAL ARITHMETIC
1. A house valued at \$9,000 is insured for two-thirds its value at 2 1/2%. What is the premium?
2. Milk is sold to school children at 5c a pint. Two Graham crackers are given with each pint of milk. How many days will it take a child to drink 2 gallons of milk, if he drinks a pint bottle a day?
3. How many board feet of lumber in 5 pieces of timber each 4 inches by 6 inches and 12 feet long?
4. What is the cost of 72 lbs. of sugar at 8 1/2c a pound.
5. What is the interest on \$200 for 1 year 6 months at 7%?
6. A house costing \$3,600 is sold for \$4,500. What % is gained on the cost?
7. Write the Roman numerals for 1922.
8. Pencils are bought for \$1.20 a dozen and sold for \$1.35 each. What % is gained on the cost?
9. Coal is sacked in 100 lb. sacks. What will a ton of coal cost at 87 1/2c a sack?
10. Find the cost of 4 plows at \$15 each, less a 33 1/3% discount.
GEOGRAPHY
Answer Any Ten
1. Write 5 geographical thoughts relating to Japan.
2. Write 5 geographical facts relating to British India.
3. What kinds of climate may be found in Asia? Why?
4. Name two mountain ranges, two rivers, two seas, two peninsulas and two deserts of Asia.
5. Where and what is each of the following: Everest, Ceylon, Siberia, Corea, Jerusalem?
6. What can you say about the Holy Land?
7. Name five products that we import from Asia and five products that we export to Asia.
8. Tell how the Nile River benefits Egypt.
9. Where and what is each of the following: Suez, Kimberley, Sahara, Liberia, St. Helena?
10. Locate each of the following cities in California: Eureka, Pasadena, Marysville, Santa Cruz, Fresno.
11. From what county or counties do we obtain large quantities of each of the following: Petroleum, redwood lumber, eggs, butter, oranges, hops, gold, prunes, potatoes, beans?
12. Write a short description of San Mateo County.

CIVICS
Answer Any Ten
1. What are the three departments of government and what are some of the duties of each?
2. Who represents California in the Senate at Washington? Who represents this District in the House of Representatives?
3. How does one get to be District Attorney, County Clerk, Sheriff, County Superintendent of Schools?
4. Who is the President of the United States? How is he elected?
5. Why must people pay taxes? Mention two kinds of taxes.
6. Write about fifty words on what you consider the necessary qualifications to be classed as a good citizen.
7. Write a paragraph on the making of the Constitution of the United States. How may it be amended?
8. What is a Republic? Name as many countries as you can having a Republican form of government.
9. Outline the procedure an Alien must go through in order to become an American citizen.
10. Tell how the members of the Board of Supervisors are elected. What powers and duties do the Board of Supervisors have?
11. Explain the different steps through which a bill has to pass before becoming a law.
12. Write about fifty words on some of the important things the government does for us.

DRAWING
Use two pieces of drawing paper, 8x12.
You may make two large drawings the full size of the paper, or a group of smaller drawings covering

Runnymede News

The first loganberries ever shipped east left the pre-cooling plant last week. It was planned to send seventy-five crates from Central California. E. M. Tobin was the Runnymede rancher to send loganberries from here. The growers wait expectantly to see how the shipment reaches the New York and other eastern markets. If the berries "hold up," it will make fine advertisement for this typically California product.

The meeting of the Runnymede Women's Club Saturday evening was a dancing affair at which Mrs. Wm. Gurr was the hostess.

Henry Miller, who has been in the poultry business in San Francisco has removed to Runnymede and will increase his business extensively. He has rented the Barrells place on Runnymede street.

The entire force of instructors at the Ravenswood school has been re-engaged. Mrs. A. Lee Hampton, the principal, gave a reunion party last Saturday evening for her last year's "eighth," most of whom are now Sequia freshmen. A lovely refreshment was served, and new and old games enjoyed.

Mr. Muir, of the San Francisco Chronicle staff and Mr. Muir were guests of Mrs. J. Mathison this week. Sunday visitors to Mrs. Mathison were her daughter, Mrs. Florence Mathison, Mrs. Alice Smith, son and daughter, Lily and Chandler, Mrs. Wm. Lockwood and Donald R. Rediker.

The prayer meeting had a large attendance last week Thursday at Mrs. G. Findlay's. This week, Tuesday, the meeting was held in the Christian church, Palo Alto.

F. A. Miller of San Francisco, who has purchased a ranch on the corner of Palmdale avenue and Runnymede street, is down this week looking after his berries and vegetables.

Mrs. Marnett entertained the Sewing Circle last week. Mrs. Gurr will have the ladies with her this week.

Mrs. Alice Needham is adding to her chicken house.

W. H. Barlett has bought a fine home, eight on Cherry street, and has begun his building.

Mrs. A. A. Davis has returned from France where she has been teaching. Miss Carol Davis who has been attending college in Nebraska is home for the summer.

Here's hoping that the Runnymede boys' baseball team will pardon me for the mistake made in the report of their line up. Walter Harpur is pitcher and Paul Furbush, catcher.

Mrs. Frank R. Kennel of San Francisco is the guest of her mother Mrs. Epperson. Mr. and Mrs. Kennel sail from New York the last of July on the Rotterdam, with Kuzbas as their destination and home. This is the valuable Russian concession, Kuznets basin in Siberia, which the Americans are to develop. Mr. Kennel goes in his capacity as expert accountant and Mrs. R. Kennel will resume her library work.

Mrs. A. R. Gurr of Merced, is visiting her son and daughter-in-law, Mr. and Mrs. Wm. Gurr.

Mrs. H. Hironymous is with San Francisco friends.

Mrs. Green Furbush has gone to Oakland for an indefinite stay.

Idle-While is the appropriate name of the new ice cream and confectionery parlor just opened on Cooley avenue.

Don Jose Francisco Greer who was chief of the barbecue at the San Francisco Speedway, San Carlos, last week was duly assisted by A. A. Doilings, who put 250 gallons of beans into appetizing condition, and by Fred Collier, who made the coffee fit for the Gods. It seems to me, judging by the way beans are grown, baked and relished in California, that Boston has been cast into the vicia faba shade.

Miss Mabel Crosby, who has a position in the Klamath Falls schools, is home for the vacation.

Mrs. J. Mathison gave a charming party on Wednesday, last week for her grandsons, Vernon, Albert, Mathison in celebration of his eighth birthday. Flowers, novelty ornaments, place cards, made the house and table extremely attractive. Games were played and the small guests were delighted. Those present were: Theresa and Barney Hand, Bernice Sokora, Mable Furbush, Willie Van Herick, Marjorie, Walter and Maxine Huffman and Maurice Marshall.

Mrs. Fred Crighton of Colorado, who has been visiting Mrs. Frank Crighton has gone to Oakland to stay with friends.

FACTORY STANDARDIZING CUTS SHOE COSTS
The Edmonds Shoe Company of Milwaukee, Wis., has succeeded in standardizing the manufacture of their "Foot-Fitter" shoes, thus enabling them to manufacture a shoe of the finest quality and workmanship at a minimum cost.

This saving in cost of manufacture has been passed to the buyer and "Foot-Fitters" can be purchased from two to three dollars less than other shoes in the same grade.

In the "Foot-Fitter" factory each workman does just one thing—and does it well. In fact each is a specialist in his work. This specialization or standardization of production lowers manufacturing costs.

The Edmonds Shoe Company has further standardized their production by having but one factory specification. That is one quality, one grade and one leather. But four lasts are used, giving four styles that enable a purchaser to select from a variety of patterns.

"Foot-Fitters" have already made a name for themselves and are leaving a host of friends and wearers wherever they appear.

A well known slogan of the company is "Wear a pair yourself."

EGGS AND OLIVES MEXICAN STYLE
This dish makes an almost perfectly balanced diet, for eggs, green olives and rice are rich in protein, fat, and carbohydrates respectively, and each is high in caloric value. It is a new dish—a nourishing food as well as a delicacy.

Six hard boiled eggs (halved); one cup Spanish green olives (quartered); 2 cups boiled rice; 3 cups tomato sauce. Arrange rice in bottom of a baking dish. Cut eggs in halves lengthwise and lay on rice. Add olives to sauce. Pour over eggs. Bake in moderate oven 15 minutes and serve at once. This is sufficient for six helpings.

THE POWER ACT
The people of California are promoted by the promoters that the experiments will be self sustained and the money will be returned to the state by projects developed with-out charge to the taxpayer, but nobody can guarantee this to be fact.

What the promoters do not tell the people is this: That consumers of electric power under a municipal system such as in Los Angeles, pay three bills—one for the power consumed; second, part of the cost of municipal electrical service is included in the rates; third, part of the electric bill is presented by the tax collector, who collects in the form of taxes two-thirds of the annual interest and sinking funds of the municipal electric and water bonds.—Amador Ledger.

What about carbon?

Chemical analysis shows that all lubricating oils are composed of about 85% carbon and 15% hydrogen in chemical combination.

All lubricating oils form carbon when burned in the combustion chamber. The important thing to determine is the amount and kind of carbon formed by the oil.

Some oils form a good deal of carbon, some a small amount; some produce hard, flinty carbon which will cause a great deal of trouble; others produce a soft, flaky carbon that will do no damage.

The important factors determining the amount and kind of carbon formed by a lubricating oil are the crude from which it is made, the process and care of refining it, its purity and stability.

Advantages of Crude and Vacuum Refining
Great care is exercised in selecting the crudes from which Zelonene is made, to secure only those which contain the most desirable lubricating values and at the same time as little as possible, if any, of the undesirable hydrocarbons such as wax and asphaltum.

In selecting crudes for Zelonene, the Standard Oil Company has the advantage of its own large production of practically every type of crude oil. For this reason the company is not compelled to use any particular crude because it happens to be the only one available.

These selected crudes, carefully refined by our own patented, high-vacuum process, produce in Zelonene, oils of the highest lubricating value, which, when burned in the combustion chamber, develop a very small amount of carbon of a soft, flaky nature, which can do no harm and usually blows out entirely with the exhaust.

MENLO PARK NEWS

The Hahn field on Glenwood avenue was the scene of a gay party last Saturday, the bright costumes of the youthful riders, the gay dresses of Menlo's aristocracy and the colorful surroundings created a scene fit for the gods to witness. This was the day of the juvenile circus and horse show given for the benefit of the Stanford Home for Convalescent Children. For a radius of a mile every avenue was packed with machines that brought parties from afar to see the big event.

Ritinitin, the trained war dog, exhibited by his owner, Lee Douglas, was one of the stellar attractions, and "Grover," the thinking horse, displayed by Miss Barbara Pond, was another. Fred Rehe's Bud and Douglas' Hassan were other interesting exhibits.

The greatest thrills were furnished by the young riders themselves, who performed feats of great skill, and daring. Roman races, relay races, stunt riding and jumping contests were staged and all participants won honors for their cleverness. In addition 25 trophies, which had been donated by friends, were presented. Walthea Linforth, the clever and dashing young daughter of Mr. and Mrs. Walter Linforth, won first prize as the winner of the event, amounting all by her equestrian daring. Gordon Coryell and John Shortridge also showed skillful horsemanship by their clever riding, both winning prizes.

The many booths were centers of interest before and after the program and the party was kept going through the evening by means of dinner and evening parties. It is believed that over \$10,000 will be netted for the home.

Menlo Resident Killed

Narcisse Ovilla Hebert, a trucking contractor, resident of Menlo Park, was instantly killed on Saturday when the truck he was driving struck by northbound train B No. 23 of the Southern Pacific Company at a crossing near the Menlo Park station.

Hebert apparently drove his truck onto the track without seeing the fast approaching train and the truck was completely demolished. According to witnesses of the accident Mr. Hebert, who was engaged in a hauling contract in connection with the building of the United States public health service hospital at Menlo Park, had brought his truck to a stop to allow the southbound train No. 28, known as the Del Monte express, to pass. As soon as the express had thundered through Hebert drove across the track and immediately in front of the approaching northbound train. It is very probable that he did not see the train until it hit the truck, which was empty at the time.

Hebert's body was removed, following the accident, to the James C. Crowe undertaking parlors in Redwood City, where an inquest was held Monday morning. The verdict of the jury was that the accident was unavoidable. The body remained at the chapel until Tuesday morning at 9:30, when requiem high mass was sung for the repose of his soul by Father J. B. Hannigan of St. Philip's church, San Francisco, at the Church of the Nativity, Menlo Park. Interment was at Holy Cross cemetery.

Deceased served throughout the war and was a prominent member of the Knights of Columbus, San Mateo Council.

The unfortunate young man was for many years employed by the Crocker in San Mateo and during the recent world war joined the army and served with distinction overseas. He acted as an interpreter with President Wilson's party at the peace conference. He was married last September to Miss Louise Jaulin, a daughter of B. Jaulin of Menlo Park. Since their marriage they have resided in Willow, where he was engaged in the trucking business. Last April they moved to Menlo Park, where he took a hauling contract for the contractor on the new hospital.

Mr. Hebert was a man of exceptional refinement with a strong desire to live a life of charity and love toward all, supported by an unbounded faith in God. The heart of the community goes out to his young widow with a deep sympathy and a prayer that his soul rest in peace.

Menlo Park News

Mrs. Frank Derry is at San Rafael this week attending the annual session of the grand parlor of Native Daughters. She is a delegate from Menlo Parlor, N. D. G. W.

The trustees of the Menlo Park grammar school district opened bids for the addition of two new rooms to the old building on Wednesday evening. The lowest estimate was \$10,000.

LAWN FETE AT REDWOOD

The annual lawn fete of the members of Mt. Carmel parish, Redwood City, will be held on the grounds of the rectory next Wednesday evening. Strings of electric globes placed among the trees will turn the night into day, while everybody will be welcomed by the ladies of the Mt. Carmel Aid Society, under whose auspices the fete is to be held. The guests will be entertained at cards, a whist game will be conducted by J. E. Layne, whose long experience in this work has made him one of the best

that of P. Jensen of San Francisco, 25, 226. He will be awarded the contract. There were three other bids. The work is to be completed in forty days.

Mrs. Sig Stern gave a barbecue at her home at Atherton last night. The party was given at the Stanford stadium last week. The barbecue was in the hands of "Don Jose Francisco" Greer of Palo Alto, an expert barbeque.

Following a brief illness Frances Maloney, the little 9-year-old daughter of Mr. and Mrs. C. T. Maloney of Pine street, passed peacefully to the Great Beyond at the Palo Alto Hospital last Saturday morning, surrounded by her devoted parents, sisters and brothers. Frannie, as she was lovingly called by her little friends, was one of the brightest pupils at St. Joseph's parochial school, loved by everyone and admired by her teachers for her beautiful manner, intelligence and devotion to her work. Her passing was pathetic, as she was popular with her schoolmates and the idol of her family. Monday morning as the frail little frame was borne to the Church of the Nativity it was met at the vestibule by the little girls of the convent, dressed in immaculate white. They formed a guard of honor to the remains as they were tenderly borne down the aisle to the altar. Six little classmates acted as pallbearers. John Morey, Edward D. O'Keefe, Joseph McCarthy, Joseph Sullivan and Patrick Buckley. The requiem mass was celebrated by Father O'Keefe, assisted by Father Glennon. The music of the mass was sung sadly but sweetly by the older girls of the convent. After the service, the children escorted the body of their little schoolmate to Holy Cross cemetery, where the committal service was read by Father Glennon and where all that was mortal of the little girl, so beloved on earth by all, was laid to rest to await the dawn of the eternal morning. The deceased was born in Menlo Park and besides her grief-stricken parents is survived by two brothers, John and Joseph, Maloney, and two sisters, Mary and Katherine Maloney.

Mrs. Leslie Miller Moore has leased her pretty home on Atherton avenue, formerly the home of Mrs. C. T. Maloney, to St. Joseph's parishes. Mrs. Moore has gone to Santa Barbara for the summer months.

The Allegro Club of Menlo Park will give a dance in Native Sons Hall on June 24. A jazz orchestra will furnish the music. A large attendance is expected on that evening.

Mrs. James T. O'Keefe was hostess to the Companion Card Club on Wednesday evening at her home. Some good scores were made at the game, a number of the players showing skill in the cards. After the contest, delightful refreshments were served by the hostess assisted by her two daughters, Ethel and Marcella O'Keefe.

Judge Frank H. Kerrigan was a week end guest of Leon Douglas. The judge came down from the city to see the horse show at the Hahn place and was much pleased with the thrills of the juvenile riders.

Oswald Uhl, a prominent New Yorker, is guest of Mr. and Mrs. A. G. C. Hahn. Mr. Hahn and his guest will leave on a trip to Alaska next week.

Rev. Carol E. Beauchamp Peck has been appointed by Bishop Parsons, Episcopal bishop coadjutor of California, to be in charge of Trinity Episcopal church, Menlo Park, until such time as the vestry shall appoint a rector. Mr. Peck is a graduate of the Church Divinity School of the Pacific in San Francisco and was ordained to the diaconate by Bishop William Ford Nichols in Grace Cathedral last week. Mr. Peck will reside at the rectory in Menlo Park and will hold office hours in the church from 11 to 12 daily. Sunday services will be conducted as usual.

Frank Hermann and Ralph Linton, employed at the Palo Alto Garage, were removed to the Peninsula Hospital in Palo Alto yesterday morning after their automobile had skidded from the highway near the San Francisco creek bridge. Both were reported seriously hurt. The accident is said to have happened when the men attempted to pass another vehicle while traveling at a high rate of speed. Their machine turned turtle and struck a tree.

The Native Sons are planning a '49 entertainment and dance to be given on July 4. Don't forget the date. On Monday Margaret (Jack) Harrington will join her two sisters, the Misses Lauretta and Regina Harrington, at Lancelotti, Marin county, where they have taken a cottage for two months.

card party managers in the county. A "radio dance," the first of its kind in Redwood City, possibly the first in the county, will be held in the rectory hall adjoining the lawn, the music probably being furnished by the Fairmount and Marquand orchestras of San Francisco.

Wednesday will be the longest day of the year and Father Richard, the weather wizard, says it will be one of the hottest, so a large attendance is expected to enjoy the cool lawn and the excellent entertainment that will be provided.

Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly \$500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes.

Our equipment to redistill and purify our cleaning fluids alone represents a bigger investment than many cleaners have in their entire plant. That is why our work has no odor.

NOTICE TO TAXPAYERS

OF THE

Town of Redwood City

For the Year 1922

All Taxpayers are required by law to annually make and deliver to the Assessor a statement, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock meridian, on the

First Monday in March

Accordingly, you are requested to fill out the assessment blank in question and deliver the same at the office of the Assessor immediately making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person so refusing to a fine of \$100.

Any information relating to the assessments will be furnished upon application to the Town Hall.

W. A. PRICE, Assessor, Town of Redwood City.

When you look at a 30 x 3 1/2 USCO at \$ 10.90

OUR tire dealer is naturally enthusiastic when he shows you the 30x3 1/2 USCO at \$10.90.

To him USCO has always represented a tire value that he felt more than justified in offering his customers.

At the \$10.90 price he can hardly be blamed for putting it to the front as the value he would most like to be remembered by.

This much to keep in mind—

United States Tires are Good Tires

Copyright U. S. Tire Co.

USCO has always sold as a quality tire of known standards and performance.

Today at \$10.90 it fixes the worth of your tire dollar at a new maximum by reason of its own distinguished values.
